OR
|

Yes.**Check (✓) this box if...**

for one or more products, your company, the responsible party, will be using a formulator to report ingredient information.

Then:

- Complete one contact information box on the bottom of the form for each formulator.

Notes:

- You only need to list each formulator once; if a formulator will send ingredient information for multiple products or product groups, list all the product tracking numbers at the top of the corresponding formulator contact information box. See page 49 for more information about product tracking numbers.
- If you will be using more than three formulators, photocopy this form as necessary.
- If multiple formulators were used for a product or product group during Calendar Year 2006, choose a representative formulator to complete ingredient information, and list that formulator on this form.
- Make sure you have entered the product tracking number on each FORM 4, *and* have completed Sections A and B before forwarding FORM 4 to the formulator.
- As soon as possible, forward FORM 4(s), preferably with FORM 4 instructions, to the formulator(s) who will be completing Section C, for ingredient information. The formulator should mail the FORM 4(s) directly to ARB.
- Submit FORM 2 to ARB with other survey forms.
